Dear Parents,

We will soon have a School Protection Officer (SPO) assigned to our campus. The officer will be on-site to protect students and staff from an inside or outside threat of harm. Above all else, our goal is to provide a safe school environment that promotes student achievement. The assignment of an SPO to our school will serve as an added layer of security to our ongoing safety plan. The officer will be armed with a weapon; and at times, may carry a long gun (rifle). Please speak to your children about the impending presence of the School Protection Officer. We want to prevent students from being alarmed at the sight of weapons on campus. The SPO is assigned to protect us, and he/she is an advocate for school safety. We are very grateful to the Dothan Police Department and our Central Office for the work that went into the School Protection Officer program. Please call the school if you have any questions or concerns.

Thank you,
