Flexible Schedule of Meetings

The faculty and staff of Hidden Lake Primary believe that parent engagement is the key to students' success. We will offer parent meetings throughout the year at various times and on various days to ensure parent attendance.

Involvement of Parents in planning, Review, and Improvement of Title I Programs

Hidden Lake Primary has a committee of parents, administrators, and teachers that meet to analyze test data, needs assessments, and surveys. Parents were given surveys at the end of the school year seeking their input on activities, training, and materials that the school should offer to parents next school year. This committee uses this data to develop the school's Improvement Plan and the Parent Engagement Plan. This Continuous Improvement Team is comprised of two administrators, Instructional Coach, two special area teachers, eleven classroom teachers, the media specialist, the counselor, and two parents. Academic, Non-Academic and School Climate needs are analyzed and goals are written. Strategies to meet these goals are designed and professional development, if needed, is scheduled. The Parent Involvement Plan is written as a companion to the Continuous Improvement Plan. The copy of the ACIP is provided in the office, library and school website for stakeholders to view.

Timely Information about the Title I Program, the Curriculum, and Academic Assessments Used

At its annual meeting of parents at the beginning of the school year, Hidden Lake Primary School will hold a general meeting where information will be presented about its Title I programs, the curriculum, and forms of academic assessment used. Parents will learn about the school wide program and the following subjects taught: reading, math, language, science, social studies, physical education, art, music, Spanish and computer lab. They will also learn about how to schedule parent-teacher conferences and how they can participate in decisions related to the education of their child. Parents will also be given a copy of the Parent Involvement Plan. Parents will be encouraged to visit classrooms during open house at the end of September. Parent teacher conferences will be held throughout the year. During conferences, teachers will meet with every student's family individually to discuss that student's scores/ progress in school.

Submission of Parent Concerns on School wide Plan

In May of this year, Hidden Lake Primary will bring in its Building Leadership Team to review, evaluate, and revise its school wide plan. We will invite parents the morning of Field Day to attend a parent meeting to discuss the plan and changes they may like to see. During the review process, all parents are notified of the review through notices sent home in our signed paper folders. The notices make parents aware that the plan is under review, that a copy of the plan is available for review in the Media Center and the Program Specialist's office, and that parents have the right to give their input regarding revision of the plan. The notice also states that after the plan is finalized and approved, if the plan is unsatisfactory to any parent, they may submit their concerns in writing to the school. These concerns will be addressed in Continuous Improvement Team meetings and forwarded to Central Office.

Development of School-Parent Compact

All parents are given a copy of the School-Parent Compact at our Open House. The compact outlines how the parents, the entire school staff, and the students will share the responsibility for improved academic achievement and the means by which the school and parents will build and develop a partnership that will help children achieve the State's high

standards. The parents will all sign the compacts signifying their commitment to working in partnership with the school and their child's teacher in ensuring that their child is successful in school. The compact will be discussed with teachers at faculty meetings. Each teacher will be given the responsibility to explain the compact to the students and obtain the students' signatures. The teachers will sign the compacts and house them in each student's cumulative folder.
